40 Greatest McDonald's All Americans

In Celebration of the 40th Annual McDonald's All American Boys Game in 2017, McDonald's added five players to its list of the 35 Greatest McDonald's All Americans originally released in 2012. The list is comprised of some of the top names in basketball history, and features past and present Olympics, NBA and NCAA stars.

Each of the players was selected by the McDonald's All American Games Selection Committee. In determining the list, all past McDonald's All Americans were considered based on his high school career and performance in the McDonald's All American Games, success at the collegiate and professional level, and post-career accomplishments. See the full list of players below:
